

COMPLIANCE DECLARATION

Directive 2002/95/EC Restriction of the Use of certain Hazardous Substances in Electrical and Electronic Equipment – RoHS

In accordance with the Directive 2002/95/EC on the Restriction of the Use of certain Hazardous Substances in Electrical and Electronic Equipment (RoHS), Maxatec confirms that the products listed below will be manufactured to conform with the Directive from 1st July 2006.

Maxatec MT-150 Single Station Thermal Receipt Printer
Maxatec MDP-300 Impact Receipt Printer
Maxatec DP1000 Battery Powered Impact Printer
Maxatec PM1100 Impact Panel Mount Printer

All products are labelled in accordance with **Directive 2002/96/EC** on Waste Electrical and Electronic Equipment.

Details regarding Maxa Technologies' WEEE compliance scheme are expected to be made available on our web site www.maxatec-europe.com later this year, as soon as the guidelines have been issued by the UK Government.

A handwritten signature in black ink, appearing to read 'A. Percival', is written above the printed name.
